

Feature Article

[A PT Practice Do-Over](#)

"Insurance companies and the public are expecting higher quality outcomes in the face of declining reimbursement and rising costs of the delivery of care. An analysis of these issues relative to our physical therapy clinic follows."

Business

[Agility in Adversity](#)

"Many times you succeed not by what you do when things are going well, but by what you do when they are not."

[The Smart Way to Grow a Business](#)

"During the start-up phase of a small company, the founder is often the company. But as the company grows..."

[Small Business Buyers Guide to Servers and Storage](#)

"Just about every small business can benefit from having its own servers and dedicated storage for those servers. But deciding what to buy can be a challenge."

Clinical

[Shoulder Posture and Median Nerve Sliding](#)

"Patients with upper limb pain often have a slumped sitting position and poor shoulder posture. Pain could be due to..."

[Magnetic Resonance Imaging of Anterior Cruciate Ligament Rupture](#)

"Since reconstructive surgery involves significant remodeling, confirmation of the diagnosis is desirable before undertaking unnecessary surgery on patients with incomplete ACL tears." Or is it?

[Adult Acquired Flatfoot and Tibialis Posterior Tendonopathy](#)

"Tibialis posterior tendon dysfunction came to be seen as 'the commonest cause of the adult acquired flatfoot'." Find out if it still is...

Medicare

[Appealing Denials](#)

"The Medicare appeals process is complicated. But there's a definite procedure for negotiating this tricky terrain. This is the first of a two-part series on the issue."

[Provider Overpayment](#)

Once an overpayment has been determined, it is considered a debt to the Federal Government

NEW!

[PTPN Clinical Focus](#)

New at ptpn.com: a web page devoted to bringing reviews of the latest in treatment literature by the PTPN Director of Quality Assurance, Mitchel Kaye, PT. "Myths and Truths of Stretching" and "Effectiveness of Exercise in Management of Fibromyalgia" are two of the articles reviewed.

It's a NEW look for PTPNotes!

This is the same PTPNotes that you have enjoyed for the past two years, but with a different look.

The blue underlined words are links to web-sites that feature the informative article that bears that title. Also, click on the tabs below the PTPN banner to go to that section of the PTPN web-site: ptpn.com.

Enjoy!

What helpful information would you like to see on the PTPN web-site, ptpn.com?

- Physical therapy industry news
- Regulatory agencies links (eg. Medicare, OSHA)
- Federal Legislative updates
- PTPN Policy and procedure changes
- PTPN best practices
- Managed care industry updates
- Other (please specify)
