

PTPN Milestones

30th Anniversary: 1985-2015

Setting the Standards in Rehabilitation®

1985

1985: Company founded in California. 118 practices became founding members.

1990

1989: Expanded into Michigan, first local network outside California. Passed the 50 managed care contract mark. Grew to 150 member offices.

1991: Expanded into Florida and Ohio.

1992: Expanded into Louisiana.

1993: Expanded into New England. Hired first full-time Quality Assurance Director. Signed first capitated managed care contract. Annual national claims passed \$15 million.

1994: Expanded into New York and Tennessee. Expanded network to include speech, occupational, pediatric and hand specialists. Implemented member standards program using on-site inspections. Began providing legislative updates and political action alerts to members. Signed first preferred vendor agreement.

1995

1995: Grew to 500 member offices nationwide. Expanded into New Jersey and Pennsylvania. Began processing claims electronically. Founder and President Michael Weinper testified before Congress regarding practice ownership laws.

1996: Expanded into Arizona, Texas and Mississippi. Launched website, ptpn.com.

1997: Expanded into Georgia, Maryland and West Virginia. Revamped credentialing process to exceed NCQA standards.

2000

2000: Expanded into Colorado and Missouri. President and Founder Michael Weinper received APTA Private Practice Section's highest honor, Robert G. Dicus Award. Moved company headquarters to current Calabasas, Calif., location.

2003: Member savings through preferred vendors passed \$1 million mark.

2004: Earned Industry Collaboration Effort (ICE) accreditation for the first time, recognized by leading health plans and insurers as the industry standard for quality accreditation.

2005

2007: Launched PTPN Outcomes Program, the first mandatory 3rd-party outcomes measurement program for outpatient rehab.

2008: Launched Physiquality to help consumers of all ages and fitness levels access health and wellness services supervised by highly qualified rehab therapists.

2010

2010: Formalized appointment-setting service for workers' comp payers/patients pioneered by Arizona region into national PTPN AccessPoint program.

2011: PTPN President Michael Weinper received Charles Harker Policy Maker Award from the APTA Health Policy and Administration Section.

2012: Payers began to adopt PTPN's first-of-its-kind "Pay for Outcomes" program to identify and reward high-performing rehabilitation providers.

2013: Launched PTPN Nexus, making PTPN support services available to practice owners in all 50 states.

2015
